

SATHIRA SRI SATHSARA

Wariyapola, Sri Lanka • (+94) 76 829 0274 • sathira.nirmal@gmail.com • <https://github.com/SathiraSriSathsara>

Backend focused software developer with 3+ years of experience in enterprise systems and product development. Led a team of 5 engineers across 4 product launches. Built a POS system used by 100+ businesses, generating over LKR 10M in first year revenue.

PROFESSIONAL EXPERIENCE

Niolla Software Solutions, Pothuhera, Sri Lanka
Backend Developer

2023 - Present

- Built scalable backend systems with 2FA/OAuth authentication and REST APIs for ERP platforms in the maritime domain
- Implemented BullMQ + Redis queues for asynchronous processing and event driven notifications (Email/SMS/Push)
- Developed AWS S3 based file storage and document generation modules (PDF, Excel, CSV)
- Led cross functional teams and stakeholder coordination to deliver products using Agile (Scrum), improving collaboration and on time delivery
- Designed and implemented CI/CD pipelines using GitHub Actions for automated build and deployment workflows
- Containerized applications using Docker and managed Linux servers (Ubuntu 18-24) to ensure reliability, performance, and uptime

PositiQ
Product Manager (Remote / Part time)

2024 - 2025

- Drove product improvements using user feedback, increasing feature adoption
- Developed POS features including receipt/invoice printing (thermal + A4)
- Managed infrastructure (Linux, Nginx, PM2) and deployment automation
- Executed digital marketing campaigns to drive user acquisition

EDUCATION

Cardiff Metropolitan University, Llandaff Campus, Western Avenue, Cardiff, CF5 2YB
BSc.(Hons) Software Engineering

2023 - Present
